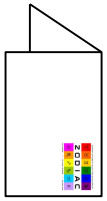
1. Print it. Cut it out. Create a crease along each line
2. Fold in half down the centre line, text facing outwards
3. Fold in half again, calendar facing inwards
4. Fold in a zigzag, with the Zodiac logo on the front



The Zodiac Challenge...

Are you silly enough to take on the challenge of doing twelve months worth of random camping? What other excuse could you make up for bivying in the woods in January, sleeping on the beach in April or camping on top of a climbing tower in May?

Spend one night per calendar month (not necessarily in the same year) for a total of twelve months under canvas, bivouac or bothy completing 12 different challenges from the list.

Challenges

1. At 0 degrees or below £
2. Above 2000 feet £
3. On an island £
4. Outwith England £
5. At sea level £
